

**3sharetips.com** helps small investors to get profits in short tenure. We give stock tips with great care so that we do not end up in losses. We do complete fundamental and technical analysis of stocks that we recommend in our newsletter. We help you get a minimum of 10% - 15% returns while bear market situation and 20% returns during bull market situation. We update our tips on every Sundays, We will be giving you a username and password to check the newsletter after you make the payment for the subscription.

We will be giving you 6 Tips whose current market price will be below Rs.100 and whose Target Period will be 3 Months (Targets will reach anytime within 3 Months).

- **3 Small Value Tips (CMP between Rs.10 - Rs.50) - Targets will reach anytime within 3 Months**
- **3 Mid Value Tips (CMP between Rs.50 - Rs.100) - Targets will reach anytime within 3 Months**
- **1 Multibagger (CMP Between Rs.100 - Rs.300) - FREE!!!**

We recommend stocks which are present in BSE Market ( A & B Group Shares only recommended) since mostly small value stocks are present in BSE but it may also be traded in NSE Market.

Indian Stock Market is just unpredictable with bear and bull phase just coming in and out, We are there to help you and guide you during the bull and bear phase. Though we are definitely proceeding towards growth, stock market cannot be predicted because it is more speculative. This is a position where lot of people get into a trap and find themselves in trouble and mostly end up in loss. We help you to get profits even in bear phase which is one of our specialty.

We also suggest that you should not invest more than Rs.15,000/- in any stock, as we never encourage overtrading. Keep your profit margins as 15 to 20 percent returns with rotation of stocks as per our weekly newsletter, you will get high returns on your small investments.
